The New Zealand National Bibliography (NZNB) contains catalogue records for the New Zealand imprint. It is produced twice per month (24 issues per year). The National Library of New Zealand has responsibility for producing the Bibliography. Most of the material listed is received by the National Library of New Zealand under the Legal Deposit provisions of the National Library of New Zealand (Te Puna Mātauranga o Aotearoa) Act 2003, section 31. It includes New Zealand and Tokelau books, serials, newspapers, music, maps, videos, sound recordings, kits, pictures and electronic resources. Items are included after they have been received at the National Library and will be included if published in the current or preceding three years.

The catalogue records produced meet international standards. Prices and availability are given where known. The items are grouped under the main subject schedules of the Dewey Decimal Classification system. Within each subject grouping the items are arranged alphabetically by title.
